

Six Year Individualized Academic Plan Reflection for 9th, 10th, and 11th Graders

You have now completed at least two of your six years needed for high school graduation. However, now is not the time to lose focus! The next two to four years will pass by quickly. In order to accomplish all of your academic and extracurricular goals, you need to have a plan.

You and your counselor have filled out a six year plan. Look at your six year plan, the A-G requirements, the graduation requirements, and reflect. Are you able to reach all of your academic goals? Your extracurricular goals? Are you in a career pathway? Are you going to meet all the requirements for college and/or career? In a one to two page essay, reflect on the plan you have set up for your four years of high school.

A large, empty rectangular box with a black border, intended for the student to write their reflection essay. The box occupies the lower two-thirds of the page.
